

# HC Charteris Gold and Precious Metals Fund

## Investment Strategy

The Fund will primarily invest in instruments with direct underlying gold and/or precious metals exposure and shares in companies world-wide whose core business is involved in the mining, refining, production and marketing of gold and/or precious metals. Investment may be undertaken indirectly in other commodities and minerals.

## Investment Process

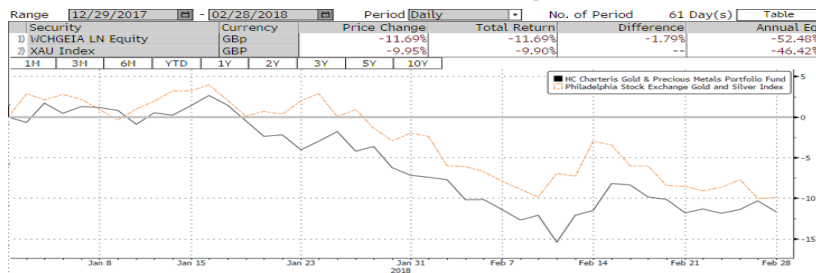

The majority of the *HC Charteris Gold and Precious Metals Fund* will be invested directly in "blue chip" gold and precious metal mining companies with market capitalisation in excess of \$500m. Some 25% will be mid-cap/smaller gold mining companies with a market capitalisation below \$500m. A large proportion of the investments will be in US, UK, Canadian and Australian companies.

## Fund Manager's Comments

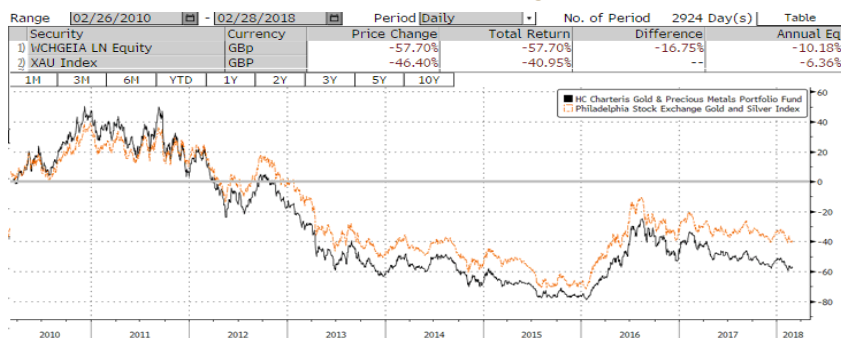

During the month of February, the precious metals markets as a whole continued to fall into negative territory. The fund's performance was -4.83% versus the XAU Philadelphia Gold Mining share Index of -8.09%. The differential performance was +3.26% on a total return basis.

The underperformance in the Gold & Silver mining equities versus the metals has continued into 2018.
